

Ed Kerr is a very conscientious and thorough trainer; he has trained two of my dogs to meet the standards I wanted. Things I liked about his training are he used positive reinforcement, never yelling at the dogs, and the dogs came home in relatively the same condition that they left in (which is one problem I had with a previous trainer). The dogs are kept in a family atmosphere with lots of human contact.

Plain and simple, Ed does what he says he will do!!!
