

Mitzi:

After running Labradors on game farms and in South Dakota for the past 15 years, I decided I wanted a change of pace so I decided to look into purchasing a GSP puppy. I researched and spoke with many breeders, but I was most impressed with Ed Kerr at Shining Star Kennels. Ed was straight forward and honest about everything from the breeding to the advanced adult training as well as the cost associated with the process. The hunting lines at Shining Star also made the decision of buying a pup from Ed extremely easy. The lines are AMAZING!

Mitzi went through the puppy and adult training with Ed. Ed was firm, consistent and compassionate in his training methods. He was also very helpful in training me from being a flusher dog handler to a pointing dog handler.

Mitzi is everything I wanted and more as a hunting dog and as a pet. She will be pointing birds in South Dakota and on my game farm for many great years to come.

Ed Kerr and Shining Star Kennels are a first class operation. Mitzi may have been my first GSP from Shining Star, but she most definitely won't be my last!

Thanks Ed !!
