

When we decided it was time to buy another GSP puppy, we wanted one that would not only be a great hunter, but one that would be loyal, loving and come from top notch breeding. We found that with Ed and Emily Kerr's Shining Star GSP in Iron Ridge, WI. This find was like winning the lottery for us!

Upon meeting these breeders we met our new puppy, Shining Star Gunnery Sergeant. He is amazing! We put him thru 2 weeks of school with Ed and his prey drive and obedience were just where they needed to be. We also sent him back for 2 months of training and it has been the best money we have ever spent. Shining Star GSP's, are the "total package". We would never consider buying a puppy anywhere else and we can't wait until spring to purchase another new family member from them.

We thank you Ed and Emily Kerr, for your love and devotion to these phenomenal German Shorthair Pointers.
